

## CDN22 MK5

### RACK-MOUNT DUAL CD PLAYER

**SOLID PERFORMANCE POWER.** CDN22 MK5 is a straightforward dual-CD player for mobile DJs and club installs. You'll find that while CDN22 MK5 is extremely affordable, it empowers you with all of the CD-playing essentials for professional performance. The CD player is housed in an all-metal chassis for rugged, reliable performance. CDN22 MK5 gives you rapid track access on its easy-to-use multifunction jog/shuttle wheels. You can dial in the track you're after in a split second and also use the jog wheels for controlling pitch bend.

### FEATURES:

- Easy-to-use jog wheels for rapid track access and pitch bend
- Rugged all-metal build for reliable performance
- Beat match with  $\pm 12\%$  pitch control
- Programmable CD and CD-R playback
- Two-piece rack-mount design with single-cable connection
- Analog RCA and digital S/PDIF outputs
- Fader Start automatically starts playback when you move the crossfader
